**Discussion Regarding NAMP Certification**

Dr. Walsh stated that the purpose of the subcommittee meeting was to discuss the issues that arise with NAMP Certification, since NAMP is no longer accepted by the Board. The subcommittee decided that it would be best if a statutory change was made. Section 2.1.1.1.1 of the Rules and Regulations currently states: "The organization shall be a national professional mental health organization recognized as setting national standards of clinical competency." It was suggested that it should state: "The organization shall be a national professional mental health counseling organization recognized as setting national standards of clinical competency in the field of mental health counseling. The subcommittee will present the proposed change to the Board for their approval.
